*"Let's face it, whether
you are a solopreneur,
entrepreneur, or small
business owner, you
are a leader!"*

The Lake County Chamber has received a face lift. Elk Horn Painting and General Construction was hard at work for two and a half days, bringing the Chamber back to life. Thanks to Cory Thornton and his team, the brick is enhanced and the Chamber is beaming with a fresh new look. This face lift wouldn't have been possible without the support and help of the hard-working crew at True Value Hardware. Also, thank you to the community for being very understanding while the work took place.
